Notes:
 *The 'Actual YTD' column does not pull any information from the 'Actual Monthly' column. Both 'Actual' columns will need to be physically entered and updated each month.
 * If the total receipts variance is positive, then your PTA has earned more income than anticipated. If this variance is negative, the PTA did not meet its budgeted revenue.
 *** If the total expenditures variance is positive, then your PTA spent less money than was initially anticipated. If this variance is negative, the PTA spent more money than was initially budgeted.
